# COLOR CHART AMSTERDAM ACRYLIC

ROYAL  TALENS

# AMSTERDAM ACRYLIC STANDARD SERIES

## VERY GOOD QUALITY

- A high to very high degree of lightfastness, thanks to the use of pure and colorfast pigments. Even after decades the work retains its original color.
- An exceptionally durable paint film (the binder consists of a 100% acrylic resin), for an everlasting result.
- Alkaline resistant, and therefore suitable for new walls and concrete after priming.

## HIGH EASE OF USE

- The thickness of the paint is ideal for all sorts of techniques and applications, as well as for mixing colors.
- The paint can easily be diluted with water, as well as with mediums.

- The drying time is short: thin layers of paint dry within approx. 30 minutes. After drying the brush stroke remains somewhat visible. The layer of paint has a satin sheen.
- The paint is virtually odourless.

## WIDE RANGE OF COLORS

- 102 colors available in 20 ml and 120 ml tubes, of which up to 90 colors are also available in larger sizes. The range offers a balanced range of colors in different coverage levels, from transparent to opaque.
- The range of colors includes both traditional and modern colors such as reflex and metallic variants.
- The range includes the three primary colors, in order to apply the color system in practice.

## LIGHTFASTNESS (under museum circumstances)

- +++ = 100 years complete lightfast (86 colors)
- ++ = 25 - 100 years lightfast (12 colors)
- ° = 0 - 10 years lightfast (4 colors)

The lightfastness has been tested in accordance with ASTM Standard D4303.

## OPACITY/TRANSPARENCY

- = transparent (14 colors)
- ▨ = semi-transparent (20 colors)
- ▩ = semi-opaque (29 colors)
- = opaque (39 colors)

## LETTER BEHIND THE COLOR NAME

- L = light
- M = medium
- D = deep

## EXPLANATION OF THE SYMBOLS

All Amsterdam Acrylic colors are available in 20 ml, 120 ml, 250 ml and 500 ml jar of acrylic paint. Except the colors with this icon (🚫). Some colors are also available in more sizes and techniques, indicated with the symbols below.

- 🚫 = Only available in tube 20 ml and 120 ml acrylic paint
- 🚫 = Jar 1000 ml acrylic paint
- 🚫 = Bottle 30 ml acrylic ink
- 🚫 = Bottle 100 ml acrylic ink
- 🚫 = Bottle 250 ml acrylic ink
- S = Small acrylic marker 2 mm
- M = Medium acrylic marker 4 mm
- L = Large acrylic marker 15 mm
- 🚫 = 400 ml spray paint
